

**New Statutory PD/UMPD Minimum Limit**  
**New Indiana Rates**

Effective:  
July 1, 2017

Effective July 1, 2017 the minimum amount of property damage (PD) insurance required by law in Indiana increases from \$10,000 to \$25,000. Additionally, the minimum uninsured motorist property damage (UMPD) limit will increase from \$10,000 to \$25,000.

As a result, for new business policies quoted with an effective date of July 1, 2017 or subsequent, the only limit option available for PD and UMPD will be \$25,000. Policies renewing on or after July 1, 2017 that previously included lower limits for PD and/or lower limits for UMPD coverage will renew with the higher limit of \$25,000. This may result in an increase in premium for these coverages.
