

## **Attention Texas Agents!**

As we mentioned before in our efforts to ensure that all customers are rated correctly, American Access is reviewing all business submitted where drivers are rated with a Matricula or MX license. Please note that any operator deemed to have a Texas Driver's License or ID will be uprated accordingly.

Please review the "cheat sheet" to familiarize yourself with the documents that we accept as proof of MX. We are running Public Data on new business to see if the driver's license type listed at NB is correct. If not, we will endorse the DL type. If proof is received, we can endorse to correct.

If you have any questions, please contact our underwriting department.

Thank you for your continued support!
