

TEXAS AGENTS – UPCOMING CHANGES

American Access Casualty Company will be re-underwriting all Texas policies in preparation for the change to the Standard Contract effective 1/1/2020.

We will continue to add unlisted drivers to the policies as excluded using current effective dates. The endorsements for these changes will be sent out along with a memo to our producers. We are asking for your assistance in securing the signed exclusion forms from our customers. Once secured please ensure they are emailed to the following address – TXDOCS@aains.com. The customer can also sign the exclusion form via the e-signature method.
