Date

The following is a brief summary of the requirements. Please put a check next to the one that describes the anti-theft device installed in the vehicle. Please attach the certification/receipt to this form. (See note below)

CATEGORY 1: 5% Discount

- 1. Ignition or starter cut-off switch
- 2. Window etching
- 3. Alarm triggered by entry of doors, hood, and latch
- 4. Alarm installed in engine compartment
- 5. Internally inactivated with a maximum delay of 20 seconds to disarm system after re-entry

CATEGORY 2: 10% Discount

- 1. All of the above plus a motion detector device
- 2. Force action prompter which activates the horn or flashes the headlights
- 3. High security ignition replacement lock

CATEGORY 3: 15% Discount

- 1. All of the above plus fuel cut-off switch
- 2. Passive ignition cut-off switch

An additional 5% discount may apply if your vehicle is equipped with a hood lock and latching mechanism or a window identification system in addition to a redundant starting means or alarm system.

Note: The club or similar devices are not eligible for any discounts
