RECURRING PAYMENT PLAN (R.P.P.) OVERVIEW

American Access Casualty Company now offers the automatic payment option called the Recurring Payment Plan (R.P.P.). The objectives of this option are to decreased cancellation rate and increased convenience. The R.P.P. will be integrated into our current AAXIS system. Only credit/debit card payments with a VISA or MASTERCARD logo can be used to become a member of the R.P.P. A Policy Holder can become a member when making a payment using that card. American Access Casualty Company does not accept credit/debit cards using a PIN therefore they cannot be used to become a member of the R.P.P.

AN ACTIVE POLICY HOLDER CAN SIGN UP FOR THE R.P.P. DURING A PAYMENT IF THEIR POLICY IS A DIRECT BILL POLICY AND THEY ARE NOT ALREADY A MEMBER OF THE R.P.P.

A Policy Holder does not have to be present at the time they become a member of the R.P.P.

POLICY HOLDERS WILL BE NOTIFIED OF THE R.P.P.

Every bill and receipt of Policy Holders who are not members of the R.P.P. will included an ad for it.

RENEWING A POLICY IF THE POLICY HOLDER IS A MEMBER OF THE R.P.P.

The minimum down payment to renew the policy will be debited. This will renew the policy. Renewal Bills will explain this.

Policies will automatically renew if the Policy Holder is a member of the R.P.P even when a Policy has been preprogrammed to change Broker of Record at Renewal.

ADDITIONAL PREMIUM ENDORSEMENT PAYMENT PROCESS IF THE POLICY HOLDER IS A MEMBER OF THE R.P.P.

After an additional premium endorsement payment is posted, the subsequent minimum amounts that will be due may be more than previous minimum amounts that were due. If they the subsequent minimum amounts that will be due are more, then the bills will reflect the change.

CANCELLING THE R.P.P.

American Access Casualty Company must receive a completed R.P.P. Cancellation Form and it must be processed by an American Access Casualty Company Representative in order cancel the R.P.P.

The minimum amounts due will continue to be debited until the R.P.P. Cancellation Form is received and processed.

CANCELLING THE R.P.P.

An Agent and an American Access Casualty Company Representative can start the cancellation process via the **Current Status:** drop down box on the **Recurring Payment Maintenance** screen.

If **Pending De-Activation** is selected and is clicked the following message will appear:

If is clicked the user will be returned to the **Recurring Payment Maintenance** screen.

If is clicked the system will generate the **Cancellation Form**. (see page 13)

Click **Cancellation Form** to also view the **Cancellation Form**. (see page 13).

If **Spanish** was chosen for **Language:** the form will be in Spanish.

*** The R.P.P. will not be de-activated/cancelled until the Cancellation Form is received and processed by an American Access Casualty Company Access Representative.**

CANCELLING THE R.P.P.

If an American Access Casualty Company Representative begins the cancellation process the R.P.P. Cancellation Form will be attached to an email that is sent to the Policy Holder if they provided an email address. If they did not provide one the R.P.P. Cancellation Form will be mailed to them.

If an Agent begins the cancellation process the R.P.P. Cancellation Form will appear in a new window.

The R.P.P. Cancellation Form will then be available in [View All Documents](#) on the policy's homepage and in [Cancellation Form](#) in the **Recurring Payment Maintenance** screen.

If **Spanish** was chosen for **Language**: the form will be in Spanish.

IMPORTANT THINGS TO REMEMBER

A Policy Holder can become a member of the R.P.P. when making a payment if their policy is a Direct Bill policy and they use an credit/debit card to make the payment that is accepted by American Access Casualty Company.

Agents that do not have EPX, American Access Casualty Company's credit/debit system, activated cannot signup Policy Holders for the R.P.P.

A Policy Holder can only be removed from the RPP if:

1. Their Policy cancels for Non-Payment

OR

2. Their Credit Card is declined when the system tries to debit the payment.

OR

3. A completed RPP Cancellation Form is received and processed by an American Access Casualty Company Representative.

Posting manual payments does not stop the R.P.P.'s scheduled payments from being debited.

American Access Casualty Company will be working the R.P.P. Dash Board Reports and entering notes. An Agent has access to these reports but American Access Casualty Company suggests not working them in order to potentially avoid contacting the Policy Holder multiple times for the same reason. If an Agent works the reports American Access Casualty Company suggests that the Agent enter noted so that it does not work them twice.

There are 2 stages to cancelling the R.P.P.:

- 1. Starting the cancellation process (Pending De-Activation)**

An Agent and an American Access Casualty Company Representative can start the cancellation/pending de-activation process via the *Recurring Payment Maintenance*

- 2. Cancellation (De-Activation)**

Only an American Access Casualty Company Representative Access Representative can cancel/de-activate the R.P.P. when they receive and process a completed R.P.P. Cancellation Form

RECENT UPDATES

An Underwriter manually reinstated a policy without a lapse and the Policy Holder is a member of the R.P.P.

Previously if an Underwriter manually reinstated a policy without a lapse the R.P.P. payment would be debited on the transaction submit date rather than the original debit date. This has been resolved.

EXAMPLE:

The R.P.P. payment will be debited the day before the due date on 08/02/2012. This is consistent with the original signup of R.P.P. at New business.

If there is a lapse in coverage the new date the R.P.P. payment will be debited will be based on the transaction date of the reinstatement.

RECENT UPDATES

The subsequent dates that will the R.P.P. payment will be debited – Nevada only

The Next RPP pull date will be 8/3, holding the date of the month (3rd) from the previous month.

At any time equity is in the past that causes a revised cancellation to generate with an earlier due date RPP will pull the day before the cancel date

RECENT UPDATES

IL SR-22

For an Illinois policy with an SR22, the first RPP pull will be day before the bill due date, which is 26 days. Subsequent pull days will be the same date of the month.

EXAMPLE:

The RPP pull date is the 23rd of each month.

RECENT UPDATES

American Access Casualty Company will no longer send immediate bill/cancels once a policy is issued.

We will no longer send immediate bill/cancels once a policy is issued. The system will wait approximately 16-18 days after policy issuance. This rule is excluded for all of the following types of policies:

- Nevada
- Arizona
- Illinois SR-2 policies

EXAMPLE:

Policy issued effective 06/05. The bill/cancel did not generate till 06/23/12 with a 07/07 due date.

RECENT UPDATES

Alleviating the Bill/Cancel SR/22/26 scenario

In order to alleviate the Bill/Cancel SR/22/26 scenario we are collecting an installment payment minus the installment fee at the time of endorsing an SR/22.

EXAMPLE:

SR-22 was endorsed on 07/08. The system will take a payment equal to the installment payment minus the fee. The initial revised bill will be in a 22/26 scenario however as soon as the current bill is paid it will no longer be in a 22/26 scenario.

Please keep in mind the following:

- We do not allow RPP signup mid-term on an SR-22 policy
- If an endorsement is processed midterm on a non-sr22 policy it is possible that the system will be in a 22/26 scenario if the current bill has not been paid. To avoid this collect the current bill plus the Endorsement payment to add the SR-22
- A bill/cancel will generate if a policy is pending cancel for uw reasons however a cancel bill will not. Cancel bill will generate only after the policy has been reinstated for uw reasons.
- If the particular state has an sr-22 fee this will be collected at the time the endorsement to add SR-22 has been processed.

RECENT UPDATES

Prevent debiting the R.P.P. payment twice in one month

In order to prevent the R.P.P. payment from debiting twice in one month a report will now be generated with a list of policies that had RPP pulled less than 28 days of the current pull date. Underwriting will review this report and approve the pull of the RPP in these scenarios.

EXAMPLE:

An endorsement was processed by an I-user that moved equity back due to no down payment. Equity moved back to 07/16 therefore the new RPP pull date is 07/15.

07/15 is less than 28 days from the previous RPP pull date of 06/27 therefore this policy will appear on the report. Since no down payment was collected from the insured, underwriting will approve the payment to be pulled on 07/15.

In the event that equity and the RPP pull date is in the past RPP will pull the day before the cancel due date.

PRODUCER DASHBOARD REPORTS OVERVIEW

Producer Dashboard – Credit Card Declined (PRXXX)

- Displays the policies whose RPP credits cards were declined when the attempt was made by the system to take payment. The policies will appear on the report the same day the payment is declined.

Producer Dashboard – Credit Card Expiration (PRXXX)

- Displays the policies whose RPP credits cards will or have expired. The policies will appear on the report 30 days prior to the card's expiration date.

Producer Dashboard – Pending RPP Cancellation Request Form (PRXXX)

- Displays the policies that are missing the RPP cancellation request form. The policies will appear on the report 10 days after "Pending Cancellation" has been selected in the Recurring Payment Maintenance screen if the Cancellation form has not been received and processed by AACC.

CREDIT CARD EXPIRATION REPORT

Producer Dashboard – Credit Card Expiration (PRXX)

- Use the **Status:** drop down box to select the dashboard status from the list provided:

A screenshot of a web interface showing a dropdown menu for the 'Status:' field. The dropdown is open, displaying a list of status options: 'Left message', 'Contact - Expecting action from customer', 'Do not contact again - Insured elsewhere', 'Do not contact again - Other', 'No activity', and 'Phone disconnected or incorrect'. A mouse cursor is pointing at the dropdown arrow. The 'Status:' label is on the left, and a '[close]' link is in the top right corner of the window.

- Click the **[close]** hyperlink to close the window or click to save any changes.
- Saved entries can be viewed by clicking the **View/Create Note** hyperlink found on the policy's main screen and in the **Dashboard Status** column of the **Credit Card Expiration** report
- Clicking the **Update Credit Card Info** hyperlink will open the **Recurring Payment Maintenance** screen where the credit card's information can be updated (see page 9).
- Click **[view]** to view the policy's notes screen.
- The following screen will appear:

A screenshot of the 'Policy Notes' screen for policy 'AU'. The screen has a teal header with navigation links: Policy, Applications, Producers, Reports, User, Renewals, Cancel Pending, Diary, Tables, Admin, Log Off. Below the header, the title 'Policy Notes - AU' is displayed. There are links for 'New Note', 'Previous 5', 'Next 5', and 'Return to Policy'. A table with columns 'Date', 'Type', 'User', and 'Note' is shown, but it is currently empty. At the bottom, there are more links for 'New Note', 'Previous 5', 'Next 5', and 'Return to Policy'.

- Click **New Note** to enter a new policy note.
- Click **Return to Policy** to enter the policy's main page.
- Click the web browser's **Back** button to return to the **Credit Card Expiration** report.
