

NEWSFLASH!

**** Changes to our Producer Dashboard!****

Great News! American Access Casualty Company is proud to introduce the following changes to our Producer Dashboard (PR178) report:

- **Producer Dashboard (PR178) -**
 - The information generated for all of our reports will no longer be displayed unless the “view all reports” is selected.
 - Once the “view all reports” is selected the Cancel Dashboard will display cancels for that day, the Renewal Dashboard will display renewals for that day and the Open Quote Dashboard will display open quotes up to 7 days after the quote was saved.
 - Please note that there is a “view working report” option for the Cancel Dashboard and when selected will show information 5 days into the future and 5 days into the past.
 - If you would like to view all of the data gathered for each report simply click on “view entire report”.

Most importantly, the insured's contact information will be prevalent throughout the Dashboard Reports as well as payment amounts and premium dollars for each specific policy listed.
